

Summer Clerkship Opportunities

(Currently accepting 2L Applications)

Clerkship Program

The summer clerkship program at Coleman Talley LLP is designed to provide an informative and realistic experience that offers students an opportunity to perform substantive work in a number of practice areas. Both 1L and 2L students interact with attorneys and staff of all levels as they engage in their daily practices. Our law clerks observe and often participate in client meetings, closings, legal industry related training and tradeshow events, as well as other outside social activities throughout the course of the clerkship at Coleman Talley LLP.

The program is six to twelve weeks in length and is hosted from one of the firm's three office locations, Atlanta or Valdosta, Georgia, and Jacksonville, Florida. Summer clerks visit at least two of our offices during the program. This provides additional opportunities for them to interact with attorneys, and to experience different practice areas. We are currently accepting resumes for 2L summer opportunities.

Schedule and Compensation

Six-to-twelve-week clerkship beginning either mid-May, or early July. The program is a paid internship.

How to Apply

Email resume, cover letter and most recent grade transcript to becky.pearson@colemantalley.com.
